## A BIT ABOUT

Border coffee is the parchment buying operation of Ollum from Simbu province. It gets its name from the original buying depot on the Simbu/Jiwaka border region of Nondigul, and this area borders on the Wahgi/Sepik dividing range (Mt Wilhelm is on this range). Ollum is well known to the smallholder farmers on both sides of the range as he has been assisting them to get their coffee to market for the last 10 years. This particular coffee is grown by smallholders from the Kol region of the Jimi River Valley. This particular coffee is grown by smallholders from the Kol region of the Jimi River Valley.
